## HISTORY OF THE NARACOORTE SWIMMING LAKE

The idea of a Naracoorte Swimming Lake started with a group of dedicated volunteers, who gathered in 1958 to develop a plan to create a place for local children to swim. A total of 8000 pounds was donated by the citizens of Naracoorte and District to build the lake and the Naracoorte Swimming Lake was officially opened by Governor Sir Eric Bastyn on November 2, 1961.

Located on Moore Street Naracoorte, the Naracoorte Swimming Lake land is owned by the Crown, gazetted as Parklands and dedicated under the Care and Control of Council (classified as community land). The infrastructure, plant and equipment are owned by Council who also undertake maintenance of the swimming lake.

The swimming lake grounds are open all year round, with the lake usually filled and operational from 1 December – 31 March annually, though the season may be extended due to seasonal conditions or special events,

A groundwater water bore adjacent to the lake structure feeds the lake, which holds 9 million litres and takes approximately 5 days to fill. The water is kept clean by recycling through sand filters and a chlorine treatment through the summer months. The lake is drained in early April each year and takes 24 hours to empty. The water is diverted to the Naracoorte Creek after the chlorine has adequately dissipated.

The swimming lake is a unique facility that attracts visitors from far and wide.

There are shallow sections for the littlies, deeper sections for lane swimming, a diving pontoon and an enclosed children's area. The shaded ankle-deep section is the perfect place for toddlers to splash around, and the sandy beach is perfect for kids to build sandcastles.

There is a playground and BBQ nearby and a small kiosk. Admission is free and the lake is usually open from late November until 31 March each year.

Since 1961 the swimming lake has received a number of upgrades to improve the level of service provided to the community and is managed by the Naracoorte Swimming Lake Asset Management Plan which outlines the strategic approach for Council to manage the assets and maintain the facility. This document should be read in conjunction with the Swimming Lake Masterplan and reflect changes or new inclusions as the Masterplan projects are implemented.

The intent of the Swimming Lake Masterplan is to provide a 10-year vision for the Naracoorte Swimming Lake, so this iconic asset can continue to grow and improve for community enjoyment for many years to come.

# STRATEGIC CONTEXT

Naracoorte Lucindale Council's high level strategic documents include the Strategic Management Plan 2016-2026, Infrastructure and Asset Management Plan and Long Term Financial Plan. The Strategic Plan is the key document guiding the direction of Council. It is structured so that Council's decision making can be informed by the outcomes and actions set in the Strategic Plan.

The Naracoorte Swimming Lake Masterplan sits in strategic alignment with 'Other Council Plans' supporting a consistent strategic approach to developing projects and initiatives at Naracoorte Lucindale Council, as well as ensuring alignment with the Councils Annual Budget and Business Plan and Long-Term Financial Plan.

The Swimming Lake Asset Management Plan is one of many asset plans, developed to ensure Council maintains and renews its existing assets in a financially sustainable manner and plans for the known future.

## CURRENT ASSETS

The Swimming Lake suite of assets are valued at \$4M, and include the swimming lake itself (structure, pontoon and lights) the shade structures, the chlorination and pump sheds, change rooms and kiosk and an array of park furniture such as picnic settings and waste bins. On average, it costs Council \$270,000 per annum to operate the Naracoorte Swimming Lake including all replacement, depreciation, operation, cleaning and maintenance.

*Open lawn and picnic space*

*Toilets and change rooms*

*Sandy bank access area*

*Shaded poolside area*

*Pontoon*

## MASTERPLAN DEVELOPMENT | MILESTONES + CONSULTATION

A series of community consultation steps were undertaken to help shape the concept design and projects identified in this Masterplan.

### Document Review

Other Council plans and strategies have been reviewed and considered:

- Naracoorte Swimming Lake Asset Management Plan 2022-2032
- Naracoorte Lucindale Strategic Plan 2016-2026
- Naracoorte Swimming Lake Community Land Management Plan

### Community Consultation Phase 1

Community consultation ran from March – April 2022 in the form of a short feedback survey both in hardcopy and electronic format to find out what people love about the lake and what new improvements they would like to see at the facility. 53 people responded in writing, while a total of 163 people accessed the consultation information via the 'Your Say' engagement platform.

Key outcomes from the survey included:

- 45% of people visited with swimming lake a few times a week over summer
- Most people go there with their children or grandchildren or to just enjoy a cool down in the hot weather
- The top three most important features to the community at the swimming lake are the BBQ and Playground area, the kiosk and the learn to swim programs
- The community really appreciated the fact that there is free entry and that you could use the facility day and night
- Overall the community agreed there are good amenities (shade, seating, toilets/changerooms) but some could do with an upgrade
- More shade shelters were high on the request by the community
- All access parking and wheel chair access and pathways were considered important across the facility
- Incorporate the installation of a water park

While the majority of responses came from Naracoorte residents it was also interesting to note the Council receive feedback from residents from both Minimay and Edenhope in Victoria.

The Swimming Lake is iconic, loved by the community and considered a significant asset for the area. People love the shallow end for toddlers, free all ages access and use, open spaces, green grass and trees. Feedback obtained was that there was support for year-round swimming lessons or access to a swimming facility (ie. heat the lake or a new indoor facility). This concept has not been captured in the Swimming Lake Masterplan as heating of the Swimming Lake would not be cost effective or sustainable and the concept of an indoor aquatic facility is being addressed through the Naracoorte Regional Sports Centre Masterplan.

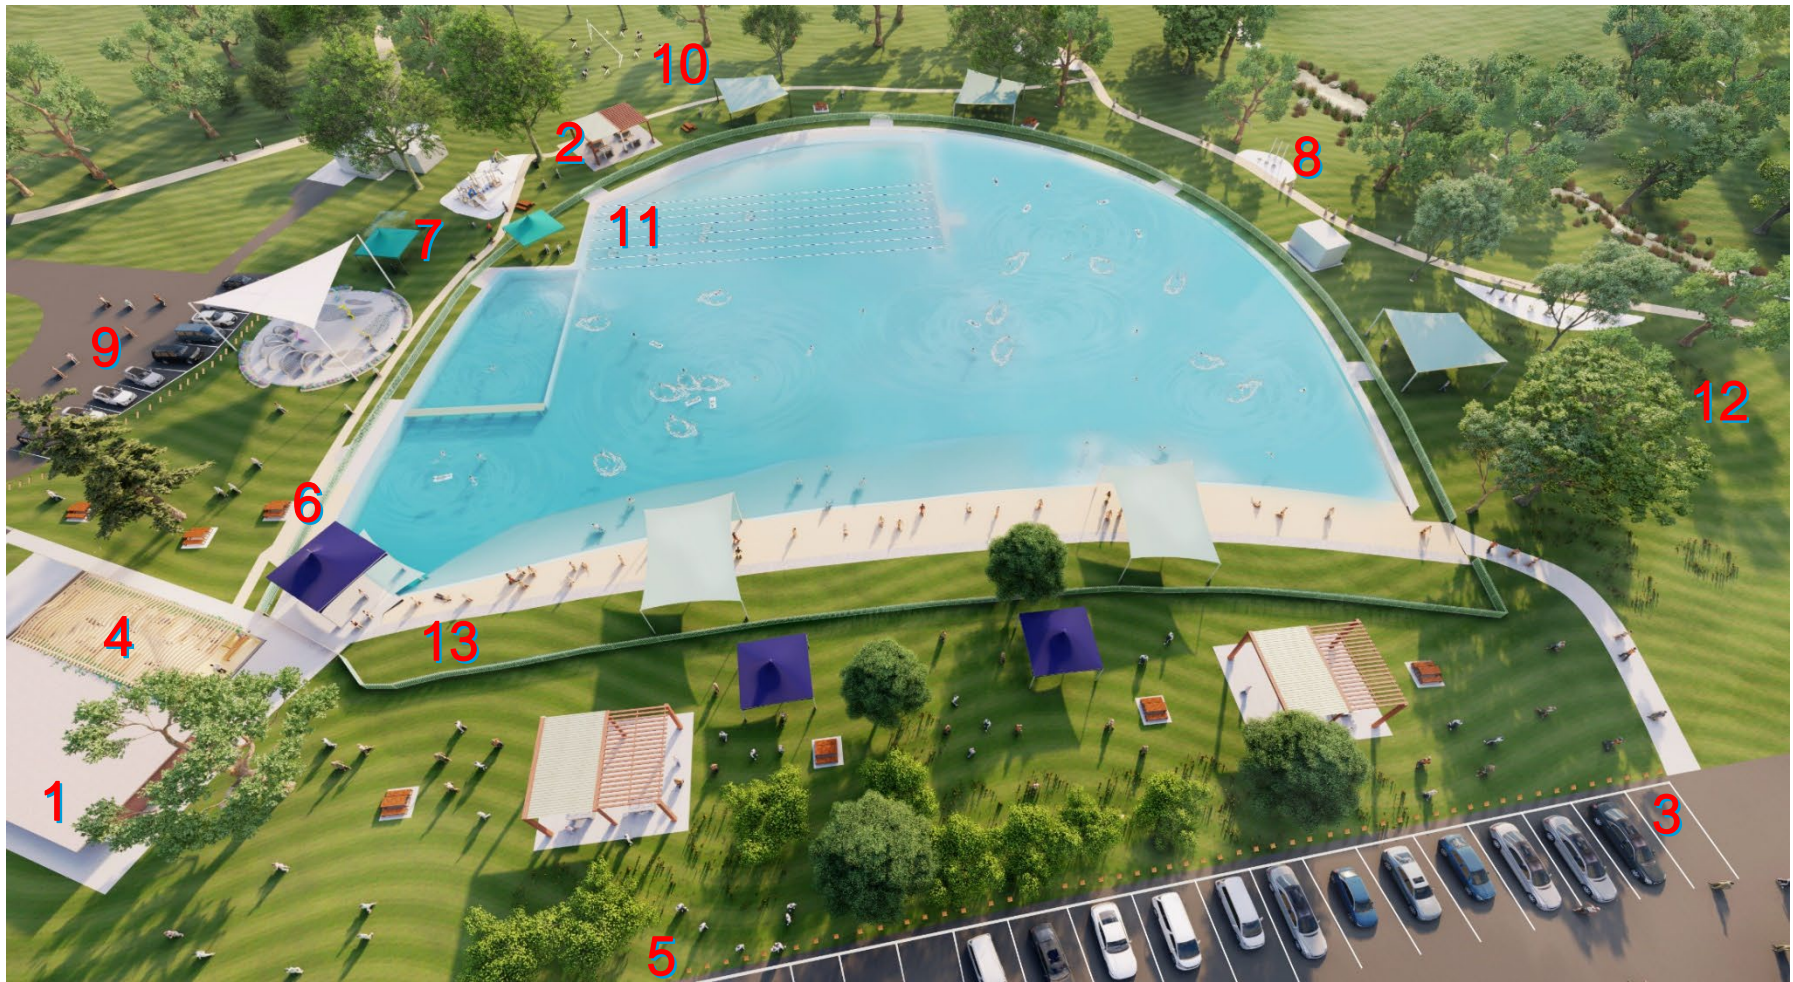

From the new ideas put forward by the community, all have been included and are annotated on the new concept design.

Hot Showers (Coin Operated)	Playground/ Splash Park Area
BBQ's/ Shelter with Table setting	Exercise equipment area
Disabled Car Park/Access Ramps	Parking with Line Marking
Café/ seating area out the front of kiosk	Open Play Area for Volleyball and other games
Bollards	Lap lanes section
Modernise the Amenities	Extra Irrigation
Ramp access into pool	Pedestrian Crossing
Install Kerb to assist with Parking and water runoff	Increase area inside the fencing for parent to watch the children

#### Community Consultation Phase 2

To insert second phase consultation outcomes.

## CONCEPT DESIGN – MAIN OVERVIEW

Number	Community Feedback	Number	Community Feedback
1	Hot Showers (Coin Operated) + modernise the amenities	8	Exercise equipment area
2	BBQ's/ Shelter with table setting	9	Parking with line marking + pedestrian crossing
3	All access car park + access ramps	10	Open play area for volleyball + games
4	Café + seating area out the front of kiosk	11	Lap lanes section

## KEY PROJECT THEMES

The feedback and new ideas from the community provided the inspiration for the project's key themes to progress this Masterplan and Council have through these themes, considered ongoing maintenance aimed to address some of the key strategic elements listed in the Naracoorte Swimming Lake Management Plan 2020-2030.

Key Project Themes	Deliverables
<b>Quality Community Facilities and Infrastructure</b>	
Community facilities and infrastructure to meet current and future needs	<ul style="list-style-type: none"> <li>• Create more shaded areas</li> <li>• Provide access to cooking facilities closer to the lake – BBQ settings</li> <li>• The ability to have a hot shower (coin operated)</li> <li>• Increased seating around the whole of the asset</li> <li>• Improved catering facilities - Café and seating area</li> <li>• Upgrade of pump and filtration system</li> <li>• Relocation of bore pump station</li> </ul>
Enable safe and logical pedestrian, bicycle and all access movements to and through public spaces	<ul style="list-style-type: none"> <li>• Link all areas of the swimming lake</li> <li>• Connect into existing walking and bicycle trails</li> <li>• Create pedestrian safety and access</li> <li>• Wheel chair friendly assets</li> <li>• Bollards</li> <li>• Improved parking and traffic management</li> <li>• All access parking</li> <li>• In pool ramp</li> </ul>
<b>Recreation and Physical Activity Development</b>	
Provide facilities and spaces that encourages physical activity	<ul style="list-style-type: none"> <li>• Install fitness stations along the Naracoorte Creek Walk trail</li> <li>• Provision for lap swimming</li> <li>• Open space play areas</li> <li>• Provide links to walking and bicycle trails</li> </ul>
Promote and support access to recreation and leisure opportunities	<ul style="list-style-type: none"> <li>• Relocate playground</li> <li>• Create splash park</li> <li>• Use of inflatable water park</li> </ul>
<b>Diverse Open Space</b>	
Provide spaces that are attractive, well-used and improve livability	<ul style="list-style-type: none"> <li>• Create open picnic areas</li> <li>• Space to kick the ball, play cricket and volleyball</li> <li>• Landscaping</li> <li>• Garden beds</li> </ul>
Ensure that trees are an integral part of the landscape	<ul style="list-style-type: none"> <li>• Currently there are a significant number of trees surrounding the swimming lake therefore incorporate smaller shrubs and bushes into the landscape</li> </ul>

Tourism, Branding and Promotion	
Showcase the district to visitors, residents and potential investors	<ul style="list-style-type: none"> <li>• Improved signage to the swimming lake (Riddoch Highway)</li> <li>• Entrance statement signage</li> <li>• Uniformed signage around the swimming lake</li> </ul>
Raise the profile of the region within South Australia, nationally and internationally	<ul style="list-style-type: none"> <li>• Create a space for events</li> <li>• Use of public art</li> </ul>
Serviceability and Maintenance	
Incorporate the use of alternative design considerations and materials that will deliver more sustainable infrastructure	<ul style="list-style-type: none"> <li>• Sustainability considerations when purchasing shelters, shade space and amenities</li> </ul>
Develop sustainable practices and techniques to help further improve ongoing maintenance	<ul style="list-style-type: none"> <li>• During detailed design, consider maintenance tasks and how build could assist</li> </ul>
Establish and maintain landscapes that are suited to current and future environmental conditions and outcomes and provide high amenity	<ul style="list-style-type: none"> <li>• Moving of fence</li> <li>• Add additional waste bins</li> <li>• Review irrigation plan</li> </ul>

## MATERIALS + CHARACTER

The indicative information on materials and character is intended to guide development of a unified and cohesive landscape character for the Naracoorte Swimming Lake. Some new elements are proposed that will complement existing features and finishes while also providing high quality and contemporary design. Materials and finishes will be low maintenance, robust and reflect the natural setting.

---

### Pathways + Trails

Sealed concrete pathways for wheelchair and disability access – preferable use of non or minimal slip materials. Some sections may use a natural crusher base to link into existing trails

---

### Street Furniture

Preference for recycled materials or powder-coated frames with a natural modern aesthetic

---

### Gazebo + Shelters

Powder-coated or treated timber with a natural, modern aesthetic providing shade and shelter in the winter

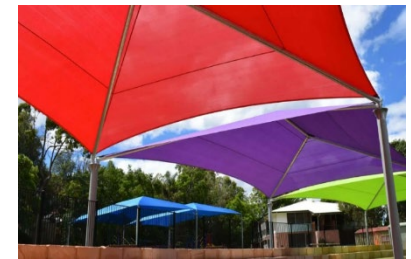

**New interpretive signage, entrance sign and framing**

To match other way-finding signage in the Council area (branding, style and logo)  
Given the heritage and iconic value of the swimming lake an entrance type statement piece could help further elevate the asset Preference of a mixture of treated timber and stainless steel

**Shade Shelters**

Galvanised and Power coated posts with heavy duty shade cloth specifically designed for large scale structures – Extreme 32 High UV-R Protection

**Play Spaces**

Water play - made from durable materials to withstand all elements – solid base comprising of either concrete or durable material, steel or recycled material structures

**Bollards**

Preference for recycled materials, galvanised metal or treated timber.

---

**BBQ**

Stainless steel and electrical as per standard Council provision for other open spaces

---

**Amenities**

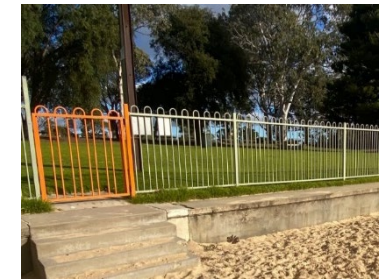

Modernise the look and feel of the current amenities incorporating the use of recycled materials, timber, steel, or hard board paneling and paint.

---

**Fencing**

Power coats fencing to match in with existing

---

**Café**

Contemporary style – use of recycled materials, timber, steel, or hard board paneling and paint.

## FUNDING SOURCES

The following potential funding sources have been identified to assist Council and the community in implementing the Naracoorte Swimming Lake Masterplan.

- **Open Space Grant Program**

The State Government's Open Space Grant Program provides potential financial assistance to Councils for the purchase, development and planning of open space. Funds are made available under the categories of Open Space Development, Open Space Land Purchases and Open Space Planning.

For more information visit [https://plan.sa.gov.au/our\\_planning\\_system/schemes/planning\\_and\\_development\\_fund](https://plan.sa.gov.au/our_planning_system/schemes/planning_and_development_fund)

- **Regional Growth Fund**

PIRSA offers up to \$2M matched funding for projects drive new economic activity and produce outcomes that would not occur otherwise, demonstrate transformational change for an industry or sector, create new or additional sustained economic benefits for the community/region.

For more information visit [https://pir.sa.gov.au/funding\\_and\\_support/funding/regional\\_growth\\_fund](https://pir.sa.gov.au/funding_and_support/funding/regional_growth_fund)

- **Public Art and Design Program**

The Public Art and Design Program is provided through Arts SA and are generally site specific projects. These can include, stand along sculptural works of art, integrated elements within urban infrastructure or the fabric of a building or works of art that may be integrated within landscaping projects or may be landscaping themselves.

For more information visit <http://www.arts.sa.gov.au/grants/publicart>

- **Tourism Development Fund**

The South Australian Tourism Commission is offering 30% contribution to private sector projects of up to \$500,000 aligned to the South Australian Regional Visitor Strategy. The objective is to improve tourism infrastructure and experiences that appeal to target markets, grow economic benefit via increased visitor expenditure, create new jobs and develop skills, encourage further development in infrastructure and visitor facilities, encourage businesses to working collaboratively and implement sustainable business practices.

For more information visit <https://tourism.sa.gov.au/support/tourism-industry-development-fund>

- **Asset and Capital Works**

Council is responsible for the delivery of significant assets and capital works per annum. There is potential to leverage forecast works to reduce 'new' investment required to deliver on this Masterplan, Council's Asset Management and Capital Works Program can be utilised to assist timing of works and optimise the value for money.

For more information visit: <https://www.naracoortelucindale.sa.gov.au/council/plans-and-service-levels2/assetmanagement>

- **Services and Programs**

Council also manages a significant services and programs budget that would include initiatives such as events or the community art fund. Existing programs, budgets and services could be reviewed to deliver outcomes as a component of current business.

- Q9. **If you have any additional comments regarding the Naracoorte Swimming Lake, please leave them below.**
- I think it is extremely important that this remains a free park regardless of the cost to the town. Even when the sports complex is completed and if it gets a pool, which it should, the lake should always remain free to the public. It is a great asset for the town people and it is a huge, huge drawcard for the town, even if it was kept in its current state eg no big expensive upgrades.

8. Playground/BBQ

Q5. **What do you love about the Naracoorte Swimming Lake?**

It's availability, family orientated, free.

Q6. **What would you like to change about the Naracoorte Swimming Lake?**

another toddler section on the other end of the "beach" that has a much safer flat surface and extended shade over sand areas so little ones can play in the sand in the shade as well. Having the 2 options provides shade any time of the day for families with little ones that need constant shade. I would also like to see shade over some sections of the beach so that parents can sit in the shade while being close to their kids and not be separated by the fence like it currently is. I think the beach will get more use if there was shade. Plus a safety barrier in the toddler section so little children that can swim somewhat independently cannot have access to swimming beyond their depth. I see parents having to go in to bring their kids back in all the time.

Q7. **What would you like to see more of at the Naracoorte Swimming Lake?**

SHADE! There needs to be a tonne more shade. More trees that are not messy like what is currently there and shade shelters along the beach.

Q8. **What would you like to see less of at the Naracoorte Swimming Lake?**

Leaves on the sand

  - 7. Kiosk
  - 8. Free entry
- 
- Q5. What do you love about the Naracoorte Swimming Lake?**
- Very picturesque, unique teaching facility, safe areas for young children. Lovely lawned areas.
- 
- Q6. What would you like to change about the Naracoorte Swimming Lake?**
- Entry ladders changed from round pipe to flat (one has been changed, so much easier on feet) step. Removal of grass inside fence on creek side, very slippery as dies off from foot traffic during peak times, replaced with non-slip cement. Some footpaths need repairing. Access ramp with rail for disabled/rehabilitation. Availability of water accessible wheelchair. Another shade mound at Water's edge (always popular). Coin operated hot showers would be great!
- 
- Q7. What would you like to see more of at the Naracoorte Swimming Lake?**
- Learn to swim events for families, including new arrivals. Many older people also ask as they can't swim.
- 
- Q8. What would you like to see less of at the Naracoorte Swimming Lake?**
- Unsupervised children. Bad behaviour on pontoon.
- 
- Q9. If you have any additional comments regarding the Naracoorte Swimming Lake, please leave them below.**
- It is a credit to the council workers that maintain the lake during the season. As an instructor in charge during school swim it is comforting to know they are only a phone call away to fix any issues. Changerooms/toilets are not always cleaned properly though.

8. Playground/BBQ

**Q5. What do you love about the Naracoorte Swimming Lake?**

The fact that it's free!

**Q6. What would you like to change about the Naracoorte Swimming Lake?**

Mostly the concrete at the bottom of the lake. The concrete gets slippery occasionally and quite dirty. If you changed it to tiles it would definitely improve the overall look of the swimming lake. The preferred colour of the tiles would be deep blue, keeping to the beach theme. Also there should be lights at the bottom of the swimming lake that light up at night. That would be really cool! Lastly, I see lots of potential for the pontoon. It overall doesn't look that great. If you could make it so that it floats without anything supporting it that would be awesome. And please PLEASE change the fact that the deep end is at the center of the lake. The only way to get to the deep end is to go to the pontoon, which is usually overrun by teenagers. There should be one side shallow and one side deep. That would be a lot more simpler. And a diving board please.

**Q7. What would you like to see more of at the Naracoorte Swimming Lake?**

More fun features that you can use to swim and jump in.

**Q8. What would you like to see less of at the Naracoorte Swimming Lake?**

Less commercial stuff. I personally think that all should focus on the lake, just the lake and nothing but the lake.

- 
- Q5. What do you love about the Naracoorte Swimming Lake?**
- The size, even in a busy day you aren't on top of each other. No cost (except through rates). Location and surroundings.
- 
- Q6. What would you like to change about the Naracoorte Swimming Lake?**
- The stepladders near pontoon so kids can't stand on the top of rungs to backflip in. The stepladders on outside of Lake to all have flat step treads to go in and out, the round rungs are hard on adult feet for stability. More security during peak times.
- 
- Q7. What would you like to see more of at the Naracoorte Swimming Lake?**
- Shade areas and seating around outside of lake and closer to kiosk for families who meet and have gatherings there. Lap lanes to be marked off somehow so during peak times people can swim and not crash into people who are there for leisure. Mid season clean somehow as it gets very mucky and slippery by end Jan each year.
- 
- Q8. What would you like to see less of at the Naracoorte Swimming Lake?**
- Teenagers behaving poorly with no supervision during peak times, pushing and shoving each other on pontoon areas so smaller children don't feel able to go up there.
- 
- Q9. If you have any additional comments regarding the Naracoorte Swimming Lake, please leave them below.**
- Thank you council for this fantastic space. It is a big draw card for locals and travellers.

- Less tree debris on the beach area of the lake
- 
- Q9. **If you have any additional comments regarding the Naracoorte Swimming Lake, please leave them below.**
- Incorporating a playground or "water park" type setting to the lake. (A slide into the pool) More learning to swim programs, I think that is one of the most disappointing things about Naracoorte is it's lack of swimming lessons for children.

- It's free, you can access any time, has a good fence, safe for small kids
- 
- Q6. What would you like to change about the Naracoorte Swimming Lake?**
- More shade near/on the water, better showers with hot water (could be coin operated like Millicent lake), accessibility for disabled/older people. Canteen is a bit hit and miss with its hours.
- 
- Q7. What would you like to see more of at the Naracoorte Swimming Lake?**
- Events. Maybe could have different food vans there on nights during summer. Maybe free swimming lessons for those who can't swim seeing as we have a high multicultural population.
- 
- Q8. What would you like to see less of at the Naracoorte Swimming Lake?**
- I think the security guards are a waste of time and money. No consistency as to when they are there. When they are there, there's usually no one where and the next day you go it's packed out. There is probably a better way.
- 
- Q9. If you have any additional comments regarding the Naracoorte Swimming Lake, please leave them below.**
- It's a great facility, tourist draw card, safe, good for kids, well looked after. Needs to stay the way it is. Canteen could be improved.

- 
- Q6. What would you like to change about the Naracoorte Swimming Lake?**
- Swimming lessons by royal life are crap and poorly organised. They never advertise it properly and it's always a shit show. Would get a lot more kids if it was done properly and many more would benefit from the facilities. There is a lack of swimming lessons available in the area I believe it should be opened up for other trained swim teachers to be able to do lessons.

4. Easy parking
5. Playground/BBQ
6. Kiosk
7. Free entry
8. Facilities and access for people with a disability

**Q5. What do you love about the Naracoorte Swimming Lake?**

It is a pool for my young children to cool off on those really hot days.

**Q6. What would you like to change about the Naracoorte Swimming Lake?**

To have an ALL season component where children can learn to swim on a regular basis and/or do regular swimming training. VAC swim lessons for 1 or 2 weeks a year is not going to do a lot for a child apart from basic water safety. It would also benefit all age groups who would like to use swimming for their own ongoing fitness. As lovely as the lake is, it's only lovely when the water temperature is comfortable. So many people travel an hour or more weekly for their kids swimming lessons. And the schools here don't have swimming carnivals as there are no proper facilities to hold them. I definitely think an all season enclosed area would be the best change.

**Q7. What would you like to see more of at the Naracoorte Swimming Lake?**

It would be nice to see a kids water park area where they can have fun in and cool down. Eg. Spraying water fountains, tipping bucket etc.

**Q5. What do you love about the Naracoorte Swimming Lake?**

Open space lawns clean water

**Q6. What would you like to change about the Naracoorte Swimming Lake?**

Coin operated hot water system i bathrooms as in Penola pool .. Rock features (smooth of course ) placed in the sand for children to explore -spaced about different sizes. . Some further shading Sails over water areas from beach outwards. Small playground on the upper lawned areas to allow parent to stay near lake supervision some children. Some natural seating amphitheatre in the upper lawn area for families/activities (dug into hill slope.

**Q7. What would you like to see more of at the Naracoorte Swimming Lake?**

Events thru summer when lake is open- the Wattle range council have a large Waterplay they set up at Millicent and Penola - lease/hire .... Lifeguards will be needed .. hire theirs .... Small fee to attend to cover costs - have a water polo/bad mitten come try as they do in the northern states -could be on square for kids -deeper for others ... YOGA on the lawns- survey the high schools students as they appear to drop off using the lake as it's not the 'thing' (For some) Have a swim lake fete on a warm summer eventing ... music -barbi-Que etc ... 'Water Olympics' fun competition for all ages Water mat that enables ppl in wheelchairs or on walkers to access the water. Hire or lease (had one at the Fringe event) Assist with promoting private swim lessons other than the holiday ones (for aged/migrants/special needs) (Naracoorte Network Services)

**Q8. What would you like to see less of at the Naracoorte Swimming Lake?**

Holes in the lawn -uneven potential trip hazards for all ages -

**Q9. If you have any additional comments regarding the Naracoorte Swimming Lake, please leave them below.**

Some more colourful planting garden beds around the building ... the clock working .... Signage upgrade especially for tourists benefit ..... I'm sure I have more !

I meet up with friends

I spend time with my children/grandchildren

I enjoy lap swimming/fitness

Water based rehabilitation

I enjoy cooling down during hot weather

Q4. **How important are the items listed below when you visit the Naracoorte Swimming Lake?**

1. Free entry

2. Toddler/children's swimming areas

3. Kiosk

4. Easy parking

5. Good amenities (shade, seating, toilets/changerooms)

6. Facilities and access for people with a disability

7. Learn to swim programs

8. Playground/BBQ

Q5. **What do you love about the Naracoorte Swimming Lake?**

I love that the lake is inclusive. The free entry allows families from all demographics to access. Facilities with entry fees often exclude families with lower incomes. I love the fact that families can sit on the lawn outside the fenced area to picnic without the worry that children can access the water. The current parking is great.

Q6. **What would you like to change about the Naracoorte Swimming Lake?**

I think the fencing should have a couple of extra panels put in place to allow those that wish to sit within reach of their children, inside the fenced area, have somewhere to sit. RLSA recommend children from 0-4 years are within arm's reach and those from 5 to 10 years are actively supervised from the waters edge. Vision from outside the fence can be obscured if patrons place their towels over the fence, this would be solved if there were more room inside the fenced area, while still leaving enough room outside the fenced area for families to congregate.

Q7. **What would you like to see more of at the Naracoorte Swimming Lake?**

Maintenance on the current fence. Would love to see the return of the deep-water hole and diving boards and slippery dips.

Q8. **What would you like to see less of at the Naracoorte Swimming Lake?**

Are security patrols really required now that cameras are in place?

Q9. **If you have any additional comments regarding the Naracoorte Swimming Lake, please leave them below.**

I know of families that travel from Adelaide to stay in the caravan park to access swimming lessons in Naracoorte because the cost of entry in some centres is too expensive for families with multiple children. This brings money to the area.

**Q6. What would you like to change about the Naracoorte Swimming Lake?**

More shade

**Q7. What would you like to see more of at the Naracoorte Swimming Lake?**

Seating/picnic tables where you can sit and watch children in the shade

**Q8. What would you like to see less of at the Naracoorte Swimming Lake?**

I would rather see no changes and kept it free than add lots of attractions and make it paid. I'm concerned this survey asks people for all the things they would like, and if that is weighted in the decision process, that they will start charging for all the things they would look me to see implemented.

**Q9. If you have any additional comments regarding the Naracoorte Swimming Lake, please leave them below.**

It's a great place for families to hold birthday parties. If you had to pay to use, this would take away the opportunity for many people to have this option.

5. Playground/BBQ

6. Easy parking

7. Kiosk

8. Free entry

**Q5. What do you love about the Naracoorte Swimming Lake?**

Space, ease of access to the community, good lap swimming for a couple of months

**Q6. What would you like to change about the Naracoorte Swimming Lake?**

I want a swimming space that can be used all year round and wouldn't mind paying a fee- swimming lake is great for the hot days but by the end of the season it gets murky and a bit yucky

**Q7. What would you like to see more of at the Naracoorte Swimming Lake?**

Indoor heated swimming!

**Q8. What would you like to see less of at the Naracoorte Swimming Lake?**

It's a shame for it not to be used 6 months of the year... waste of space

- Q5. **What do you love about the Naracoorte Swimming Lake?**
- It's free entertainment for the children and easy accessible. Mine love jumping off the jetty and diving under it.
- 
- Q6. **What would you like to change about the Naracoorte Swimming Lake?**
- I would love to see a diving board or big water slide installed. Some more shade to sit under when you're not in the water and as a holiday activity a Wee bit (floating obstacle course, like a jumping pillow kind of thing) which could be charged (e.g. \$10 per child for the hour). The Marions Aquatic Center in Adelaide does this in the holidays and it's a high success, the kids absolutely LOVE it!
